Logistics Policy for IUID

Steps to develop policy:

1. Leverage Unique Item Tracking (UIT) Section in the DoD 4140.1-R and any other UIT documentation
 - ☐ UII = IUID (two constructs) and equivalents
 - ☐ Registration with UITC?
 - ☐ UIT designator?
2. Identify Logistics Issues for IUID
 - ☐ Processes
 - ☐ Systems
 - ☐ Data
3. Work with selected Services/Component members of the UITC
4. Work with UID PMO
5. Work with DMLSO

Discussion Topics - Logistics Policy

- What are the existing logistics processes for UIT programs?
- What processes will require an exchange of UIIs between DoD Components?
 - ☐ Requisition
 - ☐ Issue
 - ☐ Receipt

Discussion Topics - Logistics Policy (cont.)

- What system changes need to be made?
 - Stow by UII
 - Transmit and Receive DLMS transactions
- What UID item data is maintained and how is it maintained across the DoD Supply Chain?
- Logistics Training for UID
